

Concordium INCENTIVIZED TESTNET PROGRAM TERMS AND CONDITIONS

Thank you for choosing to be part of our community at Concordium AG (“Company”, “we”, “us”, or “our”). We have established an incentivized testnet program (the “Incentivized Testnet Program”) to compensate node runners, bakers and users who aid in testing the network in realistic conditions, with the goal of preparing a healthy, decentralized, and widely distributed mainnet. We offer a reward for those who complete, in the allotted time, certain challenges that are expressly set forth on the Incentivized Testnet Program website at <https://github.com/Concordium/Testnet3-Challenges> (each a “Challenge” and collectively, “Challenges”). By participating in any Challenge, you agree to these Incentivized Testnet Program Terms and Conditions (these “Terms and Conditions”). If you are not in agreement with these Terms and Conditions you may not participate in any of our Challenges. These Terms and Conditions shall be used for participating in our testnet and is not used for any other services offered by the Company.

**12. FORUM AND
VENUE.**

THIS SECTION CONTAINS A BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER. THEY AFFECT YOUR AND OUR RIGHTS CONCERNING THE RESOLUTION OF ANY DISPUTE BETWEEN YOU AND US.

These Terms and Conditions and performance by you and us hereunder shall be construed in accordance with the laws of the Federal Swiss law, without giving effect to any conflict-of-laws principles that may provide for the application of the law of another jurisdiction. Any dispute or controversy arising from or relating to these Terms and Conditions or the enforcement of any provision of these Terms and Conditions must be arbitrated in Switzerland before a single arbitrator experienced in the software industry who is jointly selected and mutually approved by you and us or, if you and we are unable to or fail to agree on the selection of the arbitrator within fifteen (15) days of the demand for arbitration being served, who is appointed by Judicial Arbitration and Mediation Services (JAMS) in accordance with its rules. The arbitration will be administered by JAMS pursuant to its Comprehensive Arbitration Rules and Procedures (and in accordance with the expedited procedures in those rules). The arbitrator will require the non-prevailing party to pay for the costs of arbitration, including reasonable attorneys' fees incurred by the prevailing party in connection with the arbitration. The results of the arbitration procedure will be considered confidential information of you and us. Any arbitration decision rendered will be final and binding, and judgment thereon may be entered in any court of competent jurisdiction. You and we agree that any proceeding to resolve or litigate any dispute hereunder, whether in arbitration or in court, will be conducted solely on an individual basis, and neither you nor we will seek to have any dispute heard as a class action, a representative action, a

collective action, a private attorney-general action, or in any proceeding in which either you or us acts or proposes to act in a representative capacity. You and we further agree that no arbitration or proceeding will be joined, consolidated, or combined with another arbitration or proceeding without the prior written consent of all parties to such other arbitration or proceeding.

13. CONFIDENTIALITY. You acknowledge that, in connection with your participation in the Incentivized Testnet Program, you may be exposed to data and information, including product, technology, business, and strategy information that is confidential and proprietary to us (collectively, "Confidential Information"). All Confidential Information shall be sole and exclusive property of the Company and may be used by you only for assisting us in resolving any security issue you have reported to us. **You may not reveal, publish, or otherwise disclose Confidential Information to any third party without the prior written consent of the Company,** and you shall protect the Confidential Information from disclosure using the same degree of care you use to protect your own confidential information of like kind, but in no event using less than reasonable care. For the avoidance of doubt, any security issue you have reported to us will be considered Confidential Information until after the Company releases a security advisory and updates its software or service to resolve the issue reported.

14. GENERAL PROVISIONS. These Terms and Conditions do not create any relationship of association, partnership, joint venture or agency between us and you. Neither we nor you will have any right or authority to assume, create or incur any liability or obligation of any kind against or in the name of the other party. These Terms and Conditions set forth the entire agreement and understanding between us and you with respect to the subject matter in these Terms and Conditions. These Terms and Conditions merge all previous discussions and negotiations between us and you and supersede and replace any and every other agreement, which may have existed between us and you with respect to the contents of these Terms and Conditions. The failure of either us or you to exercise any right granted under these Terms and Conditions, or to require the performance by the other party of any provision of these Terms and Conditions, or the waiver by either party of any breach of these Terms and Conditions, will not prevent a subsequent exercise or enforcement of such provisions or be deemed a waiver of any subsequent breach of the same or any other provision of these Terms and Conditions. If any provision of these Terms and Conditions shall be deemed unlawful, void or for any reason unenforceable, then that provision shall be deemed severable from these Terms and Conditions and shall not affect the validity and enforceability of any remaining provisions.
